Dear Department of Construction and Inspection:

I am writing to formally ask you to hold a public hearing before granting any building permits for construction at the following site - Project 3028516, 11340 23rd Avenue NE, Seattle, WA.

This development directly impacts me as I live one half block directly north of the proposed construction site. These mature trees are an important part of our neighborhood forest. Seattle needs to protect the remaining forested lands with mature trees such as these.

Thank you.

Lorene
